Preface

This Bidding Document for Procurement of Plant – Design, Supply, and Installation, has been prepared by National Transmission Network Service Provider (Private) Limited and is based on the Standard Bidding Document for Procurement of Plant – Design, Supply, and Installation (SBD Plant) issued by the Asian Development Bank dated December 2021.

ADB's SBD Plant has the structure and the provisions of the Master Procurement Document entitled "Procurement of Plant – Design, Supply, and Installation", prepared by multilateral development banks and other public international financial institutions except where ADB-specific considerations have required a change.

In this Bidding Document, any reference to 'Ceylon Electricity Board' shall be deemed to refer to 'National System Operator (Pvt) Ltd.' Similarly, any reference to 'CEB' shall be deemed to refer to 'NSO'.

Price Schedules

PREAMBLE

General

1. The Price Schedules are divided into separate Schedules as follows:

   Schedule No. 1: Plant and Mandatory Spare Parts Supplied from Abroad

   Schedule No. 2: Plant and Mandatory Spare Parts Supplied from Within the Employer's Country

   Schedule No. 3: Design Services

   Schedule No. 4: Civil Works, Installation, Other Services and Training

   Schedule No. 5: Grand Summary

   Schedule No. 6: Recommended Spare Parts, Tools and Instruments

   Schedule No. 7: Day Works (Provisional)

   Schedule No. 8: Rates for Variations

   Schedule No. 9: Schedule of Major Items of Constructional Plant

2. The Schedules do not generally give a full description of the plant to be supplied and the services to be performed under each item. Bidders shall be deemed to have read the Employer's Requirements and other sections of the Bidding Document and reviewed the Drawings to ascertain the full scope of the requirements included in each item prior to filling in the rates and prices. The entered rates and prices shall be deemed to cover the full scope as aforesaid, including overheads and profit.

3. If Bidders are unclear or uncertain as to the scope of any item, they shall seek clarification in accordance with ITB 7 prior to submitting their bid.

4. Schedule No. 01 & Table 01(a) are the list of the total quantity of items relevant to the project. If the bidder wishes to supply any of the Schedule No. 01/ Table 01(a) item from employer's country, it must be included only in Schedule No. 02. The remaining items which are to be supplied from abroad shall remain only in Schedule No. 01 & Table 01(a). No item shall be included in both schedules.

Pricing

5. This is a turnkey lump sum Contract.

6. The units and rates in figures entered into the Price Schedules should be typewritten or if written by hand, must be in print form. Price Schedules not presented accordingly may be considered nonresponsive. Any alterations necessary due to errors, etc., shall be initialed by the Bidder.

   As specified in the Bid Data Sheet and Special Conditions of Contract, prices shall be fixed and firm for the duration of the Contract, or prices shall be subject to adjustment in accordance with the corresponding Appendix (Price Adjustment) to the Contract Agreement.

7. Bid prices shall be quoted in the manner indicated and in the currencies specified in the Instructions to Bidders in the Bidding Document.

   For each item, Bidders shall complete each appropriate column in the respective Schedules, giving the price breakdown as indicated in the Schedules.

Information Copy

Prices given in the Schedules against each item shall be for the scope covered by that item as detailed in Section 6 (Employer's Requirements) or elsewhere in the Bidding Document.

8. A rate or price shall be entered against each item in the priced Bill of Quantities, whether quantities are stated or not. The cost of Items against which the Contractor has failed to enter a rate or price shall be deemed to be covered by other rates and prices entered in the Bill of

   Quantities.

9. Payments will be made to the Contractor in the currency or currencies indicated under each respective item.

10. When requested by the Employer for the purposes of making payments or part payments, valuing variations or evaluating claims, or for such other purposes as the Employer may reasonably require, the Contractor shall provide the Employer with a breakdown of any composite or lump sum items included in the Schedules.

11. Provisional Sums included and so designated in the Bill of Quantities shall be expended in whole or in part at the direction and discretion of the Employer in accordance with Special Conditions of Contract.

Taxes and Duties

12 Taxes within the Employer's Country: The bid price of the Contractor shall include all direct taxes including corporate income tax, individual income tax, remittance tax and other taxes that may be levied in accordance to the laws and regulations in being as of the date 28 days prior to the closing date for submission of bids in the Employer's country on the Contractor's Equipment, and consumable acquired for the purpose of the Contract and on the services performed under the Contract. Nothing in the Contract shall relieve the Contractor from its responsibility to pay any tax that may be levied in the Employer's country on profits made by it in respect of the Contract.

1. No works whatsoever may be executed as day works, nor will payment be made for any Day works, except in such works necessary are brought to the notice of the employer and his agreement is receive

LABOUR

2. The contractor shall be entitled to the following payments in respect of labour employed on Day works:
   a) The aggregate amount of wages for such labour calculated on the actual hours worked at the wage rates set out in this Schedule up to the grade of charge hand or overseer working with the men (time for foremen is to be included in the percentage under 2(b) below).
   b) 10 Percent of aggregate amount of wages calculated according to sub paragraph 2(a) above.
3. The percentage addition provided in sub paragraph 2(b) above shall cover Contractor's profit, on cost, superintendence, insurance and all allowances to labour, time keeping and all clerical and office work as well as the use of tools, timber, light equipment and non-mechanical equipment and all incidental charges whatever.
4. The "Normal working Day" as hereinafter referred to shall be taken to be of eight hours excluding meal breaks and rest periods.
5. In calculating the sums due to the Contractor for the execution of Day works, the hours for which payment shall be made for all personnel and the hire of all equipment shall be reckoned from the time of starting the particular item of day work, either at the beginning of or during the course of a normal working day to the end of the normal working day or the time of completion of the particular item of Day work, whichever may be sooner. No payment shall be made for personnel or plant for hours outside the normal working day unless the said personnel and plant are employed on Day works outside the Normal Working Day on the written instruction of the Employer's Representative. The same Day work rate shall apply for works done both during and outside the Normal Working Day.
6. On completion of any authorised Day works, a written statement shall be issued by the Employer's Representative who shall sign it together with the Contractor and which shall state the number of workmen and their grades involved in the Day work, the number of hours worked and a detailed description of the Material used and the work carried out. A copy of this signed statement shall retained by the Employer's Representative and the Contractor and shall be the sole basis upon which payment for Day works will be made.
